**Subject:** RE: Cabot's Iso Methane Data

Thanks Steve

We have made an informal request for data from Cabot, but will most likely have to work things through a more formal process. That's fine. We are still processing our isotech data too.

Have a good holiday.

Rich

**Subject:** RE: Cabot's Iso Methane Data

Rich,

The Department did not receive Cabot's isotopic methane data. I believe it is still being analyzed. We did receive most of their other data to compare with ours and the Department reciprocated by sharing ours with them. I know Scott Perry has expressed to me his desire for us to share our data with you. I have compiled the first two weeks' worth of data into a spreadsheet. If you're interested I can send it to you. I'm sorry but EPA will have to ask Cabot for their data. I know they have expressed their desire to compare all of their data side by side with EPA's and DEP's.

Thank you,

**Subject:** Cabot's Iso Methane Data

Steve,

We understand that Cabot has sent you their iso methane data. Would you guys be willing to share that data with us? We are working on getting our iso methane data to you guys. Let me know what you can do.

thanks. Rich
